

# Maria Ravotti

**A Next Level Goalkeeper** who uses her height, strength, and confidence to lock down the net, Maria Ravotti is a player to keep an eye on in the class of 2026. She's the starting keeper for Shady Side Academy and in the ECNL, and for good reason: Standing at 6'0" with the athleticism of a high jumper, she covers the goal like a pro.

Maria prides herself in her footwork and strong ability to play out of the back to target players, far and on target punts, strength on the ball, and give a perfect throw for quick grab-and-go plays. She also holds herself to a high standard off the pitch, earning a 4.17 GPA while balancing soccer practice, strength and conditioning sessions, and tournament weekends.
