

ST2121 Navigation Tips

1. Vehicle history link:
Access vehicle history report for warranty info and prior work performed.
2. TIS BMW link: Access SIB's, Training manuals and Technical documentation.
3. BMW Warranty Documentation Link:
Access all the operation manuals for the variety of warranties BMW offers
4. SDS Link: Safety Data sheets for BMW chemicals
5. TSARA Link:
Create/review TSARA cases. Also used for Teilclearing (TC cases). Always refer to SIB 00 02 19 and SIB 00 03 06 to make sure proper procedures are being followed.

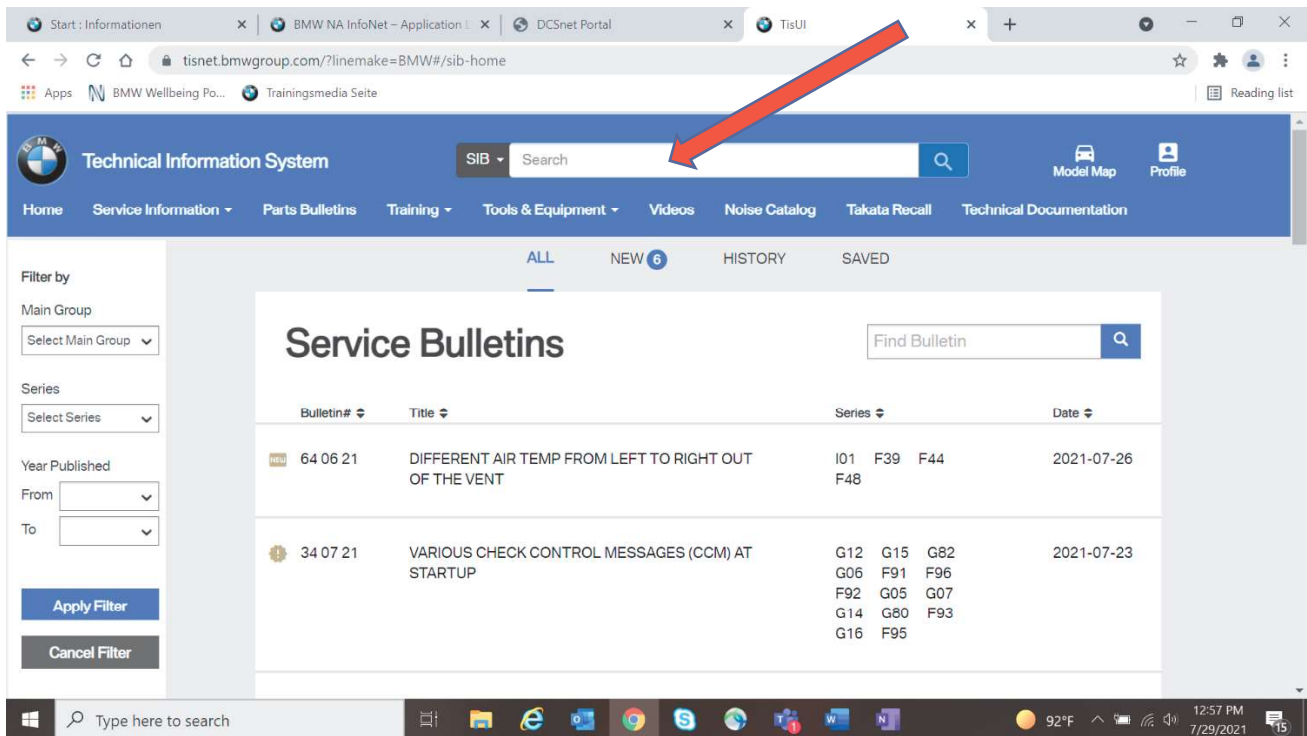

The screenshot shows the DCSnet navigation interface. At the top, there is a header bar with 'DCSnet', '[38408]', 'CenterNet', 'Sitemap', and 'Help'. Below this is a 'Menu' bar with 'Administration', 'Sales', 'Service', and 'Parts' dropdowns. The main menu is divided into sections: Administration, Service, Parts, Corporate, and Links. Red arrows with numbered boxes (1-5) point to the following links:

- 1** points to 'Vehicle History' under the 'Service' section.
- 2** points to 'TIS BMW' under the 'Service' section.
- 3** points to 'BMW Warranties Documentation' under the 'Links' section.
- 4** points to 'SDS' under the 'Links' section.
- 5** points to 'TSARA' under the 'Links' section.

On the right side of the interface, there is a 'Welcome to DCSnet BMW of North America Dealer Community' banner, followed by a section titled 'Unread Broadcast Messages' with a list of messages and a 'View All' link.

ST2121 Navigation Tips

In TIS using this search bar will search the entire document. This includes SI number, subject line and the body of the document for the key words you have typed in.

This search bar will only search the subject lines of the SIB's for the key words you have typed in.
