

ACKNOWLEDGEMENTS

Realizing this project has taken a small village. My deepest love and eternal gratitude to my soul-mate, my husband **Rob Taylor**, who was with me every step of the journey, and clocked many hours sans complaints collecting, drilling, assembling and moving the pieces to their various exhibits and homes.

Deepest appreciation is in order for both our daughters, **Hannah** and **Ella**, who helped collect and schlep countless burls from beaches up and down Malibu coast.

Thanks to **Jennifer Gross** who has encouraged me from the start, and was instrumental in putting the ACE HOTEL show together.

Another thanks to **Tracy Park** for giving me the opportunity to exhibit the first in the Hearts of Trees Lost series at the Tracy Park Gallery for Malibu's first Art Walk.

For this iteration of Heart of Trees Lost, deep acknowledgement and thanks go to **Barbara Harris** at the MRCA for not hanging up the phone when I pitched this idea. You gave us a chance. And **Leigh Tran**, who has sheperded me through the permit process, and to the able **Scott Hughes**, MRCA Ranger. Heartfelt gratitude to high priestess **Alejandra De Luca**, my spiritual sister, for her loving and meaningful blessings and prayers for the Earth Day opening celebration.

Love and appreciation to **Vanessa** and **Steve Alexander**, who were among the first to have a HOTL in their collection.

Love and respect to **Coco Wisdom** for our graphic package...trust the kids to do cool sh*t.

Big Gratitude to **Eric Bonwitt**, **Andrea Emmerich**, **Rudy Vervay**, **Morgan Oppenheimer**, **Jude Alexander**, **J.K. Henri**, and everyone who physically or spiritually encouraged this project.

And special thanks to **Steve Olsen**, who told me to make 10 more.

Eternally thankful for sobriety, life's lessons, and the superpowers of plant medicine.

Boundless honor to all the artists who have inspired me, who dare.
