| \$3.500                                   | This vehicle emits 623 grams<br>Producing and distributing fuel      |

Actual results will vary for many reasons. Including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 27 MPG and costs \$7.500 to fuel over 5 years. Cost estimates are based on 15.000 miles per year at \$3 per gallon. MPGe is miles per gasoline gallon equivalent. Vehicle emissions are significant cause of climate change and smog.
