THE ART OF ACCURATE SCORING MAXIMIZE REVENUE, MINIMIZE RISK

Elevate your Medicare Advantage plan with **Health Data Decisions'** premier Risk Score Verification Service. Our experts use advanced analytics to ensure accuracy in risk assessment, guiding you through Medicare Advantage complexities to surpass industry standards and maximize revenue. Entrust your strategy to HDD for precision, innovation, and excellence in healthcare management.

ELEVATE YOUR CONFIDENCE

In the competitive Medicare Advantage landscape, your risk score's precision is crucial, impacting revenue and care quality. Is your risk score optimized for peak performance?

- **Strategic Targets & Superior Coding:** Aim for achievable goals and surpass the 5.9% coding intensity threshold for top performance.
- **Comprehensive Documentation & Transparency:** Keep a thorough record of all risk factors and ensure transparent calculations for a complete risk profile.
- **Accurate Estimation & Maximized Opportunities:** Confidently predict your risk score and capitalize on every opportunity to enhance and boost revenue potential.

RAPID RISK SCORE VERIFICATION

Our methodical approach guarantees compliance and financial optimization for your Medicare Advantage plan.

- **Alignment with CMS & Precise Risk Assessment:** Achieve congruence with CMS scores and accurately assess potential risks.
- **Revenue Verification & Strategic Roadmap:** Validate revenue projections and establish a clear, actionable plan for financial improvement.
- **Comprehensive Data Utilization:** Harness the full spectrum of risk data across your organization for a holistic approach.

EXPERIENCE THE TRANSFORMATIVE POWER OF OUR EXPERT APPROACH AND UNLOCK UNPARALLELED SUCCESS IN RISK MANAGEMENT.

- **Precision-Driven SQL/SAS Modeling:** Experience unmatched clarity and accuracy with our sophisticated and innovative calculations, tailored for your comprehension and success.
- **Authoritative CMS Reports Utilization:** The gold standard of MMR, MOR, EDPS, and PDE reports will be used for unparalleled precision in risk assessments.
- **Holistic Risk Understanding:** Achieve a deep understanding of every facet of your risk profile, from initial bid to final payment.
- **Uncompromised Security:** Rest assured that all operations are conducted within the safety of your systems, ensuring data integrity and confidentiality.
- **Empowering Knowledge Exchange:** Elevate your team's capabilities with our deep-seated expertise, fostering a legacy of informed decision-making and enduring success.

Health Data Decisions empowers health plans and providers with data integration, sharing, and optimization expertise for Risk Adjustment, Star Ratings, HEDIS®, and Value-Based Care. Partner with us to unlock your organization's full potential in the competitive healthcare landscape.
