BALNEOTHERAPY CLINIC

A GIFT FROM THE
EARTH

[BALNĒŌ 'THERĀPĒ]

1. the treatment of disease by bathing in mineral laden water or mud.

Balneotherapy is a method of treating diseases by bathing, a traditional medicine technique usually practiced at spas. While it is considered distinct from hydrotherapy, there are some overlaps in practice and in underlying principles.

Balneotherapy may involve hot or cold water, massage through moving water, relaxation, or stimulation.

RECHARGE

Due to its nanite size, fulvic acid moves easily into cells, including crossing the blood brain barrier. It bonds to nutrients, carrying up to sixty times its molecular weight in nutrition into the cell. It also bonds to waste inside the cell, removing up to sixty times its weight in toxins, heavy metals, pollutants and pesticides.

CAUTION

You will leave wanting more. Ask about our package or group discounts.
