

# THINK. MODEL. LEARN.™ MATH CENTERS: SHAPES ACTIVITY GUIDE

## PRODUCT INCLUDES:

1 Activity Guide

1 Storage Box

1 Instruction Tent

6 Activity Mats

48 Activity Cards

54 Shapes

### PURPOSE:

Empower children to independently practice shapes! This center is standards aligned for grades PreK-TK and geared for skill differentiation – it is double-sided for practice on two skill levels: basic shapes and composite shapes. Students also build problem-solving skills and creativity as they decide which shapes complete each picture. This hands-on, engaging center is sure to make skill-building fun as students think, model, and learn!

### SET UP:

Each activity mat will accommodate one student. Six activity mats are provided for up to six students total.

1. Choose the skill level the student will be working on and flip the mat to the appropriate side.
2. Choose the set of shapes that match the mat for play and set it out for the student.
3. Please note that in many cases, there is more than one shape that fits a scene, which encourages flexible thinking and creativity! It also offers the possibility for conversation around form and function.

We recommend explaining instructions to students before independent play. Place the tent where students can see it for instruction reminders and visuals during use.

### HOW TO USE:

- Step 1:** Choose an activity card and place it on your mat.
- Step 2:** Add a shape or shapes to complete the picture.
- Step 3:** Can you choose a different shape to complete the same picture? Why or why not?

## FEATURES:

### REUSABLE AND DURABLE

Reusable dry erase materials offer repeated practice.

### SKILL DIFFERENTIATION

Double-sided for practice on two skill levels!

### TAKE IT FURTHER

Take it further with additional free resources, reproducibles, and downloadable content.

### DISPLAY AND STORAGE

Store materials vertically for a space saver. Book-shaped box fits shelves taller than 12".
