VivaMK Network's very own Brand Directors

An exceptional team promoting & building the brand and raising awareness of its quality in the marketplace. We pride ourselves on lovely people simply working together. The Beauty Brand Directors are a wonderful example of that ethos. Here's what they have to say about the products.

My favourite product was so hard to choose as all of our beauty products are amazing quality, but it has to be the new twist eyeliner! Glides on smoothly, stays on all day and instantly makes you look more awake.

I'm a hard-working mum. My daughter is my world and makeup is my passion and escape!

Emma Mackelden

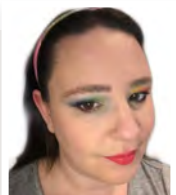

Jules White-Fasulo

The VivaMK / Beauty UK products offer both affordable and good quality makeup. My favourite product is the Matte foundation which has easily replaced a £36 one I used to buy.

I love the Wild and Wonderful Pallet as you can create any look with these vibrant colours. You can go for a subtle look or be more creative. There is no look you cannot create, you can even blend the colours to make a new colour or change the tone to darker or lighter. I lead a successful life, as a student and full time accounts assistant.

I'm a proud mum to a beautiful daughter, have a supportive partner and makeup is my escape, it's my "me" time.

Sharon Davis

Lolly Williams-Gibbs

I'm a total convert, I wouldn't use anything else now. Exceptional quality that compares to designer brands but at high street (and sometimes cheaper), prices. I'm a wife, a mum and an Independent Mumtreprenuer. I'm a 'self - love, mindset , and success' coach with a long history in education. I have a passion for makeup & self-empowerment, loving life, and living the dream.

I really love the wild and wonderful pallette, there are so many different looks you can create with the colours available and they are bright and bold, which is not something I'd usually wear, the colours bring out my natural eye colour.

I'm a busy mum of 3 children, with a new passion for sewing. I love creating new projects and ideas.

Lorna Parrott

Colleen Wright

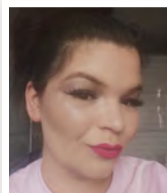

Great quality products at affordable prices. The only ones I have in my makeup bag now. My favourite product is the brow definition kit, it's easy to use and makes my brows appear thicker and fuller. I work in education and also run a small business.

I'm a mother and animal lover with 2 dogs and a cat, I'm also slightly obsessed with cows.

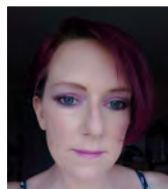

As a wife & home working, home educating mum of 3, I'm sure you can relate to living on a budget! But as a woman I don't want to look or feel "cheap", so quality, cruelty-free and of course affordable products is a must!

This is where our fabulous array of products come in! From the subtle/more natural eyeshadow palettes, glosses and nail colours to the more bold & striking. There really is something for everyone. I love how our lipsticks give you that "extra" pot in the lid. The powders & foundations are light on the face and my skin no longer gets irritated when wearing makeup.

There are so many fantastic products to choose from & I'm such an indecisive person at times, that I honestly cannot choose just one. So for me, my absolute favourite buy has to 'The Mystery Box' It's so exciting opening the parcel, containing anything from eyeshadows to liners, lipsticks to nail polishes. It's an absolute steal and a great way to try out a larger selection of our products!

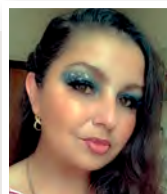

Sophie Frost

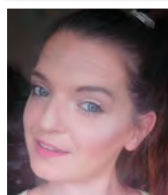

Joanne Salt

I love all of the makeup! it's so affordable too. It's hard to choose just 1 product, but I would probably have to say the Photo Ready Foundation - the coverage is as good if not better than any others I have tried.

It is unbelievable how good quality these products are for such a low price. You get to look your best without having to spend a fortune. I'm a stay at home mum with two beautiful daughters. I love creativity, which reflects in my work creating makeup looks and striking video content.

Marie Komjatiova

Marie Dalton

Wow! What can I say? The products are simply amazing, great quality, and very affordable. My collection just keeps growing and growing. I'm the only Irish Beauty Brand Director which I love being a part of. My confidence and skills have grown immensely

I absolutely love this business. All the products are absolutely amazing, I can honestly say that whatever you put on stays on, no matter what. However, my favourite product has to be the Posh Palette (eyeshadow) It comes in 10 colours and can be used to dress up or down. I love it because it gives me a professional & discreet look.

Jen Mellor
