

# SURINAME

**LANGUAGE: DUTCH**

## THE WORK

The UPC of Suriname has tremendous potential for revival. Presently there are 5 ministers with UPCS credentials and 2 established churches along with 1 preaching point in the country. The president of the work, the supervising missionary, resides in Guyana and oversees the work. There is a great need for boots on the ground in the nation of Suriname.

## BIBLE SCHOOL

Suriname has 2 Bible School locations. Approximately 20 students eagerly await classes at each location. There is a great need for those who can go and teach these hungry students.

## MINISTRY OPPORTUNITIES

The need for evangelism and discipleship throughout Suriname is great. The focus remains in the capital city of Paramaribo and along the coast, where 90% of the population lives. Preaching the gospel, personal Bible Studies, discipleship training, and Bible School ministry are the primary focus in the effort to reach souls in Suriname. As of 2023, one couple has been approved to serve in Suriname, but more laborers in the harvest are still needed.
