

# Information On Delivery

## ***“Where do you deliver to?”***

We deliver only to the UK due to shipping costs and delivery services. Small businesses tend to stick to area's close to them so that they can cut delivery costs. We also restrict our delivery services to the UK to reduce the carbon footprint of a product, making our business as ethical as possible!

## ***“How long will my order take to be delivered?”***

The time length of a delivery is dependent on where you order your items to. Delivery dates will be addressed after you place your order. We estimate that all UK orders will be delivered in 2-3 working days, including Saturdays.

## ***“How much do you charge for delivery?”***

Cost of delivery is dependant on where you order your items to and what you have ordered. If your order needs to be separated into two or more packages then you may have to pay a larger delivery cost. Delivery cost will be discussed when you place an order. We estimate that delivery cost will be no more than £2-3 per one package.

## ***“Can my order be tracked?”***

We will let you know when we have sent your package to the delivery service. Unfortunately, we cannot track the courier but can guarantee that you will receive your order in 2-3 working days, including Saturdays.
