

## An abstract geometric pattern featuring a variety of shapes and textures. The design includes solid-colored shapes like a pink square and circles, as well as line-art shapes like a 3D cross, a 3D L-shape, and various cylinders. Some shapes are filled with patterns of dots or lines. The entire composition is set against a dark background with a large, light-colored curved shape on the left side.

- Tri-M is a high school and middle school music honor Society of the National Association for Music Education. It is designed to recognize students for their academic and musical achievements and provide leadership and service opportunities to young musicians. Each chapter is run by students, supervised by advisor.
- Tri-M provides a chance for all members of our music program to work together towards a common goal and show our entire community how important music is to our school!
