

The story of Furioso Vineyards originates with our founder and proprietor, Giorgio Furioso.

Italian by birth, wine has been part of his life ever since his Nono Vincenzo, made wine in their basement for family and friends. He affectionately coined it "Cellar Chianti".

From a young age Giorgio was always a talented artist. His passion for art flourished in Washington D.C, where he built a name for himself in both art and real estate. His new art gallery, Terzo Piano, recently opened in the District.

An artist, professor, art curator, and wine collector, Giorgio invites you to share in his passion for the arts, partake in his love for wonderful wine, and become a part of our ever-growing Famiglia.

Be Welcome, Always
