

TOGETHER WE CAN CHANGE THE WORLD

THE WORLD IS EVOLVING TOO FAST

Technology is changing at a rapid pace, and these changes are impacting our lives and habits.

In this new era, we use apps, e-commerce, digital money and artificial intelligence on a daily basis.

OPPORTUNITY

The use of traditional money is decreasing in favour of apps, digital money and other contactless methods.

Innovative technology companies are growing by turning digitalization into a competitive advantage

DIGITAL MONEY IS **NOT AN OPTION** IT IS ALREADY PART OF OUR LIVES

- ▶ Only 8% of the money circulating in the world is cash.
- ▶ Bitcoin has an advanced encryption system that makes counterfeiting practically impossible.
- ▶ In 2009, Bitcoin was created with a value of \$0.5 cents. By 2021, it reaches a peak value of more than \$60,000 dollars per coin.
- ▶ Cryptocurrencies have democratized money and given power back to the people.
- ▶ The cryptocurrency market grew 300% in 2020.
- ▶ Cryptocurrencies do not require banks or governments to make trading transactions.

OUR ECOSYSTEM

XIFRA offers a broad and ever-growing catalogue of services that impact different areas of our users' lives.

Algorithmic trading software

STATE-OF-THE-ART TECHNOLOGY

Our unique software allows us to automate, optimize and test strategies up to 200 times faster.

This allows us to test a large number of different strategies in a short period of time, identifying the ones that generate the best results in the current market conditions, to later automate and execute them within the Crypto Pool, always under the supervision of our experts.
