SYRUP

CANDY

Our Syrup strain is by far one of the tastiest out there. Clean burning candy connoisseurs ourselves, we took our time finding this one. A classic hybrid that leaves you satisfied.

Lineage: Marker x LCG
Total THC: 30%
Total Terpenes: 2.3%

CHROMA

CANDY GAS

Candy took the weed game by storm and for good reasons. We were looking for that amazing flavor profile combined with something that would enhance the looks and structure of the original. We think Chroma is just that.

Lineage: Marker x Fizz
Total THC: 32%
Total Terpenes: 2.8%

Condensed Milk *Gas n Cream*

When we started looking for something unique and Gas forward, the "Condensed Milk" immediatly caught our eye. This powerfull cross of Pure Kush Og and Permanant Marker hits the spot and checks every box. Astrignent musky gas on inhale with a mouth coating relaxing cream on exhale make this a pleasure to smoke.

Lineage: Marker x Pure Kush
Total THC: 30%
Total Terpenes: 2.8%
