# GAME PLAN IS SIMPLE!

Results during the ramp up of giveback2schools, projected for 12 months, ranges between \$30-\$150 per user. What if 500 users generated these results?

**400 Users x \$90 = \$36,000** ▶ GAME CHANGER

You ask, WHAT IF we had more users but only generated \$50 each?

**800 Users x \$50 = \$40,000** ▶ GAME CHANGER

Now the game plan gets even easier! What if we all became a user then took the **PLUS ONE** challenge to duplicate ourselves. **EVEN IF** this first year was lower per user, it's still a Game-Changer!

**1,600 Users x \$30 = \$48,000** ▶ GAME CHANGER

LET'S DO THIS!
