

THE RIGHT CALL

CONCORDIA UNIVERSITY TEXAS

We are called to serve our students more holistically by approaching tuition more transparently.

THE RIGHT CALL

At Concordia University Texas, we believe in the transformative power of a college degree. Financial constraints can sometimes stand in the way of accessing high-quality higher education and valuable experiential learning opportunities that lead to meaningful work. That's why we've made the decision to implement a new tuition pricing structure and value proposition tailored specifically to the students, families, and communities we serve.

Our revised approach aims to break down financial barriers and expand access to a Concordia Texas education for a broader range of undergraduate students. This strategy involves lowering the published tuition price, simplifying tuition by including fees in the total cost, continuing targeted scholarships, and allocating funds to support experiential education initiatives.

At Concordia University Texas, we are committed to ensuring that a college education remains an attainable and life-changing opportunity for all who seek it.

We believe this bold new direction is The Right Call for our students, for our campus community, and for the future of higher education.

Tuition, textbooks, and all required fees—one more affordable price. Not only are we reducing our tuition rate, but we're also including all required fees in the new, nearly 40% lower price. Plus, textbooks will be offered to students at no additional cost.

ANSWERING THE CALL

We're simplifying and illuminating the cost of a Concordia degree. Combining tuition and fees into a single clear, predictable price makes understanding and planning for costs less intimidating. We want students to apply with confidence.

We're continuing our scholarship emphasis, meeting students where they are to identify a unique, individualized mix of financial options to make Concordia Texas more affordable and more accessible. Opportunity belongs to everyone.

Streamlining costs will allow Concordia Texas to better support its students through personalized attention and unique programs that support students on their paths without the looming uncertainty that comes with planning and paying for college.

To preserve Concordia's fundamental character, mission and exceptional academic quality for all, this is rolling out across the board for current and prospective traditional undergraduate students at the same time for the Fall start of the 2024 academic year.

SIMPLIFIED TUITION

At Concordia University Texas, we're committed to providing a transparent and accessible higher education experience. We've simplified our tuition structure by reducing our published tuition price by nearly 40% to \$23,500 for the 2024-25 academic year. This inclusive tuition covers all costs for completing a degree*. There are no additional hidden fees* and textbooks are free, eliminating surprises and ensuring clarity in educational expenses—no surprises—just affordable education. We aim to ensure every student can pursue their academic and career aspirations. Plus, we offer scholarships and financial aid to support students' educational journey.

*Nursing fees and Athletic Insurance Fee are not included. Some courses with a third-party fee, such as travel courses, are also excluded.

PERSONALIZED SUPPORT

At Concordia University Texas, we are committed to providing a high-quality, private, Christian education that prioritizes students' success. Our high-quality educational programs are designed to prepare students effectively for their careers. Our faculty is dedicated to teaching first. They undergo continuous training to ensure they deliver top-notch education, equipping students with the knowledge and skills needed to excel in their transition from college to career. We foster a supportive learning community where students are known by name, ensuring a meaningful and successful educational journey.

EXPANDED COLLEGE ACCESS

Concordia University Texas is committed to breaking down barriers and widening the doors of higher education to a broader spectrum of students who might not have had this opportunity otherwise.

Our summer enrichment programs are not just about providing a head start; they're about creating access. These programs equip incoming students with essential study skills, introduce them to campus resources, and foster connections with faculty and peers. For many, this early exposure to college life can make all the difference, especially for those who may have faced educational preparation challenges.

Concordia Texas continues to provide vital support programs as students move into their second year and beyond. The University designed these initiatives to ensure that students continue to thrive and persist through graduation. By addressing the unique needs of each student, including those who may have historically faced obstacles in pursuing higher education, we are actively increasing access to college.

At Concordia Texas, our commitment goes beyond just education; it's about creating opportunities. We firmly believe that everyone, regardless of their background, should have the chance to pursue higher education and realize their full potential.
