COSMIC VIBRATIONS

Cosmic Vibrations Music Festival is about the love of music completely inspired by artist who create the songs that inspire us. We cannot forget to leave out the most important part, the fans that love the music! Cosmic Vibrations Music Festival will be visiting Niceville, FL on Saturday, October 29th, 2022 bringing an other-worldly musical experience.

The name Cosmic Vibrations pays homage to both relating to the universe or cosmos, and the characteristic emanation, aura, or spirit that infuses or vitalizes someone or something and that can be instinctively sensed or experienced.

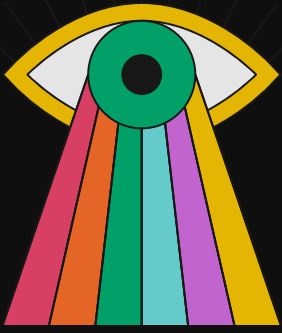

Cosmic Vibrations Music Festival is the first music lineup of its kind in the area that celebrates the eclectic taste, a cosmic love-letter to the sweet sounds of Psych-rock, Indie, Freak Folk, Bluegrass, Americana and Experimental, will cater towards music lovers who crave live performance in it's mastery.

COSMIC VIBRATIONS

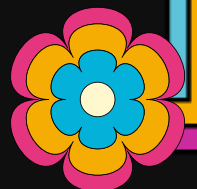

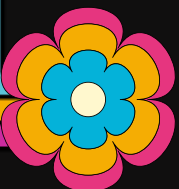

This one-of-a-kind lineup boasts talent from the West Coast to the East Coast and places in between. Get ready to hear the vibrations from Still Corners, Strange Weather, AirPark, Cat Janice, John Vanderslice, Andrew Goldring, Twain, JD Pinkus, Tender Mercy, and Rodney Norman, advise giver, philosopher and comedian.

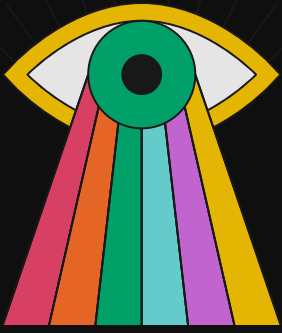

Twain

Beyond the singer and songwriter larger than life musical performances and productions, expect interactive art installations, food and beverages, and a moment in time to connect with the community that ties us all together.

COSMIC VIBRATIONS

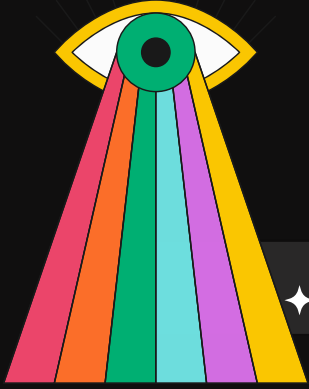

The NWF State College Amphitheater is a perfect venue for outdoor concerts and shows. Permanent structure seating is available for up to 500 guests right in front of the expansive stage and the grassy, sloped grounds easily accommodate 1,500 more for a total capacity of 2,000 guests. Restroom facilities, concession stands and ample parking complete the appeal of the amphitheater for large event
