

**“THE STREETS WEREN'T WORKING. IT WAS A DEAD END, EITHER JAIL OR DEATH. I CHOSE NEITHER ONE.”**

**- Tomas Ortiz, Acclivus Inc.**

Acclivus partners with hospitals, serving patients throughout Chicago who have been shot, stabbed, or beaten. The risk of retaliation or re-injury is highest immediately following a violent incident. Acclivus' hospital responders and case managers work to de-escalate dangerous situations, provide advocacy, and offer alternative pathways for victims and their loved ones after a shooting or violent injury.
