SPRING 2022

[TheOclo.com](http://TheOclo.com)

Three years.  
Unrelenting pushback.  
Five prototypes.

All leading to one thing: The Oclo

This is the embodiment of the idea that couldn't quit since 2015. An idea born out of a quinessential NYC trifecta: necessity, condo living, and integrity.

The oclo which stands for O(pen) + Clo(se) creates vision in any room. It transforms its environment from bedroom to meditation garden to office to home gym to playroom and back to bedroom. Like New York, it is a paradox. It is everything you need to make your home a sanctuary.

- What does Oclo mean?
- Oclo simply stands for Open — Close.

- Why Oclo?

- Because it's about more than saving space. We created The Oclo to create a lifestyle within [our] space. The Oclo is the perfect creation to live your life the way you imagine in your space. It is hidden but never unseen.

- Who is behind Oclo?

- Oclo Designs founders Ravi Patel and Karan Desai are NYU alumni with a personal need of an imaginary Oclo in 2013.
