

A GUIDE TO WELLFORT'S SERVICES

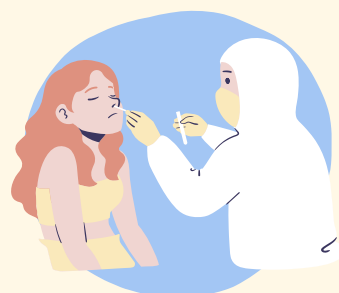

Let's learn more about what services are provided by WellFort to help us during hard times.

WHAT IS WELLFORT?

WellFort is a community healthcare centre that offers a wide variety of health services in order to help the public!

COVID-19 TESTING

WellFort is administering Covid-19 tests at the Four Corners Health Centre in Malton.

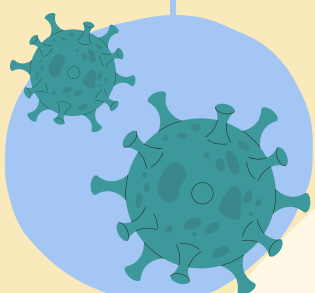

DENTAL CARE

Seniors under Ontario Seniors Dental Care Program and youth under 17 are eligible for free dental services such as cleaning.

PROTECTION KITS

In order to keep everyone safe, free personal protection kits, which includes masks and hand sanitizers, are being handed out.

COVID-19 INFORMATION

Informational resources such as posts on vaccine information, Covid-19 statistics, and general pandemic news are available through WellFort.

COUNSELLING

Counselling is offered for mental health, relationships, substance use, trauma, sleep struggles, and other personal challenges.

FOOD SUPPORT

Free groceries are provided to those with limited access as well as hot food deliveries for those who are isolating.

ISOLATION CENTRES

Those who are unable to self-isolate at home are provided with a safe and private self-isolation room.

NUTRITION SUPPORT

Nutrition programs such as workshops and presentations are offered for those looking to improve their health.
