WHAT YOU'LL DO

- Assist with the inspection, assessment, and repair of damaged vehicles.
- Learn and Perform tasks related to body repair/metal finishing, vehicle paint preparation, windshield replacements, etc.
- Help with the disassembly and reassembly of vehicle parts.
- Ensures compliance with service and body repair manual procedures and standards.
- Maintain a clean and organized work environment.
- Adhere to safety protocols and guidelines.
- Support experienced technicians in various repair and restoration projects.
- Participate in training sessions and workshops to enhance skills and knowledge.

WHAT YOU'LL NEED

- **Must be able to obtain a TWIC at time of hire.**
- Must be able to drive vehicles with manual and automatic transmissions.
- Must have a valid driver's license and good driving record.
- Must be capable of carrying out specified work procedures and directions of supervisors and lead people.
- Must be able to become certified to use protective respiratory equipment.

EVEN BETTER IF YOU HAVE

- Strong interest in the automotive industry and vehicle repair.
- Willingness to learn and take direction from experienced technicians.
- Basic knowledge of tools and equipment used in auto body repair.
- Excellent attention to detail and a strong work ethic.
- Good communication and teamwork skills.

ABOUT YOU

If you have a genuine love for cars and are looking for hands-on experience with a team that takes great pride in their work, apply today and turn your passion into a rewarding career.

ABOUT US

Wallenius Wilhelmsen is an iconic shipping and logistics company with premium end-to-end supply chain management. Our vision is to empower people and markets through a sustainable flow of goods and services.

We transport and handle cars, tractors, trains, windmills, or even whole factories for some of the most well-known companies in the world. Our eyes will always be on supreme quality in everything we do, while moving towards zero-emission logistics. We are powered by nearly 8200 people, working on vessels and at ports, at vehicle and equipment processing centers, and offices in nearly 45 countries. When added up, the effort of our global workforce keeps the world moving.
