KENZI QUOTE

I love being a leader and role model who steps up when it's needed most. I work my hardest and strive to earn every opportunity that I get. At the next level, I'm excited to create bonds with my teammates, staff, and professors through volleyball and be a part of a team that I'll cherish forever. I want to get a great education and have a one-on-one relationship with my coach that helps grow my athletic skills and real-life skills.
