

DOES GIVEBACK2SCHOOLS COST ME MONEY?

NO! Business locations on the app have pledged to give back a percentage of every purchase to our kids.

IS MY CARD INFORMATION SECURE?

YES! Card information is entered one time through an encrypted, secure screen connected to the card company. Your information remains safe and secure with your card company. GB2S does not have access to your card information.

HOW ARE FUNDS GENERATED FOR MY SCHOOL GROUPS?

By paying with a linked card, the card company matches your purchase at a GB2S business and 'give back funds' are generated. Similar to other loyalty or reward programs WITHOUT having to mention or show anything at time of purchase!

Funds are distributed to schools with allocation by group.

HOW MUCH MONEY CAN I RAISE FOR OUR KIDS?

The possibilities are virtually unlimited. The more participating businesses you choose to utilize when dining, shopping or scheduling services, the more funds you generate from everyday living.

Tired of asking friends & family to buy something or attend a fundraiser? Introduce them to this new way of funding for our kids while supporting local businesses!
