KEY ACHIEVEMENTS 2020

SAFE
PASSAGE

LEGAL ROUTES TO SANCTUARY

1. **HELPING CHILDREN & VULNERABLE ADULTS**

- **68 children & vulnerable adults** brought to safety in the UK through successful transfers.
- Safe Passage worked with UK and Greek governments to help asylum seekers who had been accepted to the UK but stopped from travelling due to the pandemic. It was one extraordinary flight, bringing **47 people, including children and families, to the UK where they can finally restart their lives in safety.**

2. INFLUENCING LEGISLATION

- **1 Judicial Review case** submitted with legal partners arguing that Home Office guidance on family reunion was unlawful. In response to this, **the Home Office amended parts of the policy for the better**, which is a very good partial result.
- 3 significant votes won in the House of Lords against the government on the EU (withdrawal) Bill & the Immigration Bill, **resulting in concessions from the government to review family reunion.**

3. ENABLING MORE PEOPLE TO HELP CHILDREN

- **190 practitioners trained on the impact of Brexit on the Dublin III regulations**, the foremost mechanism for bringing children to safety. If each of these participants works on two cases per year (it will likely be more) then they are helping at least **380 more children** with their expertise.
