HEALTH

IM#: 14-0001971 | SM: POCKET (FIXED HEIGHT WITH ARTICULATING ARM AND TWO-BIN UNIT, SEAGULL PAINT, PLATINUM SOLID DRAWERS)

## Connect Anywhere

As care becomes more complex, patients and clinicians are often unable to do the one thing that could help them most – connect. Pocket™ is the mobile worksurface that supports connected care, from task to task and space to space.

It moves with clinicians to bring people, tools and technology together, wherever they're needed.

### INSIGHT

Clinicians want to be close to their patients, often compromising their own personal ergonomic needs. Pocket is designed to let them get close, without the discomfort.

IM#: 14-0002000

IM#: 14-0001996

### Simple and Flexible

Pocket is intentionally simple so that it works with changing technology and procedures for a long, useful life.

Clinicians make Pocket their own with magnetic accessories and adjustable height to enable both sitting and standing work.

### Made for Walking

Small in scale with smooth gliding casters, Pocket moves easily and quietly, even in tight spaces.

STATEMENT OF LINE

All units available in either fixed or adjustable height.

DIMENSIONS

	Width	Depth	Top Surface Height
Fixed-Height Models	18"	21½"	36"
