

Sullivan's Pointe Parking Rules

Violations of any rules will result in towing - and none of us wants that :)

1. You must prominently display this parking permit by hanging it on your rearview mirror.
2. Please park only in designated and approved spots. Approved spots are numbered on this map and marked in blue.
3. Do not park on grass or curbs. There is no parking in the 'red' areas of this map.
4. Residents who choose to parallel park in front of their own home must have ALL wheels completely off the road.
5. Do not block any neighbors' access to their garage.
6. Parking permits do not guarantee parking availability.

If you are renting a home, please do not forget to return this parking permit prior to leaving.
