

Hard Rock Surface Pros

Garage Maintenance

After we complete your floor.

- The next morning, open your garage doors to air out your garage.
- 24-30 hours after we leave, you can start putting lighter items onto the floor.
- Day 4, you can drive on and use your floor as normal.

General Maintenance.

- Loose dirt, dust, and other debris can be removed by regular sweeping, a leaf blower or a garden hose.
- All spills such as harsh detergents, acids, antifreeze, and oil should be cleaned up immediately to prevent chemical attack and staining to the topcoat as needed.
- General cleaning of stubborn surface debris can be done using a mild, environmentally safe soap solution.
- Hard water stains can be cleaned with a solution of 1 part white vinegar to 3-5 parts water.
