HOW DOES THE MGC WORK?

The MGC training approach:

1. Hands-on Ministry Experience - We have coordinated ministry opportunities with local churches and experienced missionaries.
2. Specialized Training - Missionaries from our region and beyond will teach classes that are specific to missionary life and work.
3. Travel - Visiting nations and participating in the work there will be key to finding the place God is calling you.
4. Language Study - This will prepare you to be effective in ministry in the nation of your calling.
