(Please note that our Scratch made Chocolate, Vanilla, and Caramel are Dairy Based)

bullig is dedicated to my Oma Gudrun.

Oma loved a good joke, cooking, sneaking up and scaring the living daylights out of you. She could speak to you with just a glance, or knit a pair of socks overnight if she knew your feet were cold. She was the one who first introduced me to coffee and it was our Little Secret. She had a big heart, an infectious giggle, and an amazing talent for making delicious meals out of almost nothing.

We lost her in 2018 just before she was to see this little store in person. Oh she was so excited and looking forward to it. She was working so dedicated with me on bullig's recipes, calculations and measurements. And still she is inspiring our Menu in so many ways. We use her Original Recipes for our Sauces and obviously for the WAFFLES, but also in little ways like recreating the combinations she loved.

bullig is a big help to keep her with me every single day. She remains my secret partner in crime and one of my first best friends. Some Grandmas leave you and their legacy to you is their treasured Diamond Wedding Ring. Mine left me a different Gem. She gave me a handwritten Cookbook with all my favorite Recipes.

I once read a little quote and it fits so perfectly right here, right now:
"Heat, Pressure, and Time. The three things that make a diamond, are also the three things that make a waffle."
All that being said, I hope you love the recipes she created and helped to inspire.
Sabrina (November 2022)
