FRAGORD 01 to OPORD 22-040 (German Armed Forces Proficiency and Marksmanship Badges) **CHANGE** / **DELETE**

**References:**

- (1) GAFPB and Schuetzenschnur briefing
- (2) OPORD 074-22 (German Armed Forces Proficiency and Marksmanship Badges)

**Time Zone Used Throughout the Order:** Whiskey (Local).

1. **Situation.** 25ID hosts the German Armed Forces Proficiency Badge (GAFPB) and the Schützenschnur (German Marksmanship Badge competitions). The GAFPB is a decoration of the Bundeswehr, the Armed Forces of the Federal Republic of Germany, and it tests soldiers' ability to meet the physical standards of the German Armed Forces. Testing for the GAFPB must be administered by a qualified German Physical Training (PT) instructor. The German Armed Forces Marksmanship badge (Schützenschnur) tests soldiers' Marksmanship proficiency. German Naval Forces Commander Oliver Oswald and his team will administer the GAFPB and Marksmanship testing for 100 Soldiers on 21 – 30 June 2022.

2. **Mission.** HHBN, 25ID conducts the German Armed Forces Proficiency Badge and Marksmanship testing 21 – 30 June 2022 IOT award qualified soldiers the GAFPB and Marksmanship badges.

3. **Execution.**

a. **Concept of the Operation.** The road to a successful GAFPB and Schützenschnur consists of three phases. Phase I (Planning and Preparation), Phase II (execution), and Phase III (Admin). The phases are sequential in time.

(1) Phase I (Planning and Preparation) consists of planning, preparations, and resourcing the German forces to enable the Division operations. This phase is currently being conducted through IPRs and coordination with key stakeholders and ends upon the arrival of the German forces. The phrase will end after the final conditions check.

(2) Phase II (Execution) begins from the reception of German forces to Oahu. This phase will encompass German in-brief, road march, Basic Fitness Test, Swim events, and range operations. The phase ends at the last scheduled event.

Commented [CCR(MU2I(1)): Shouldn't this end after the final conditions check?
