

BMW TECHNICIAN RECOGNITION

2024 TECHNICAL TRAINING PLAQUES AND PATCHES

What: Technician Level Plaques and Patches for technicians after training level achievements.

How it works: Once a technician completes a new level in Technical Training they will receive a Plaque and Patch (12ea) designating the level completion. Plaques/patches are shipped out quarterly. Technical Training in conjunction with the TSE field team will hand deliver the plaques/patches to the technicians.

To learn more: Contact your Regional Technical Training Manager.
