

FBMA of DSU

The Faithful Black Men Association
of Delaware State University

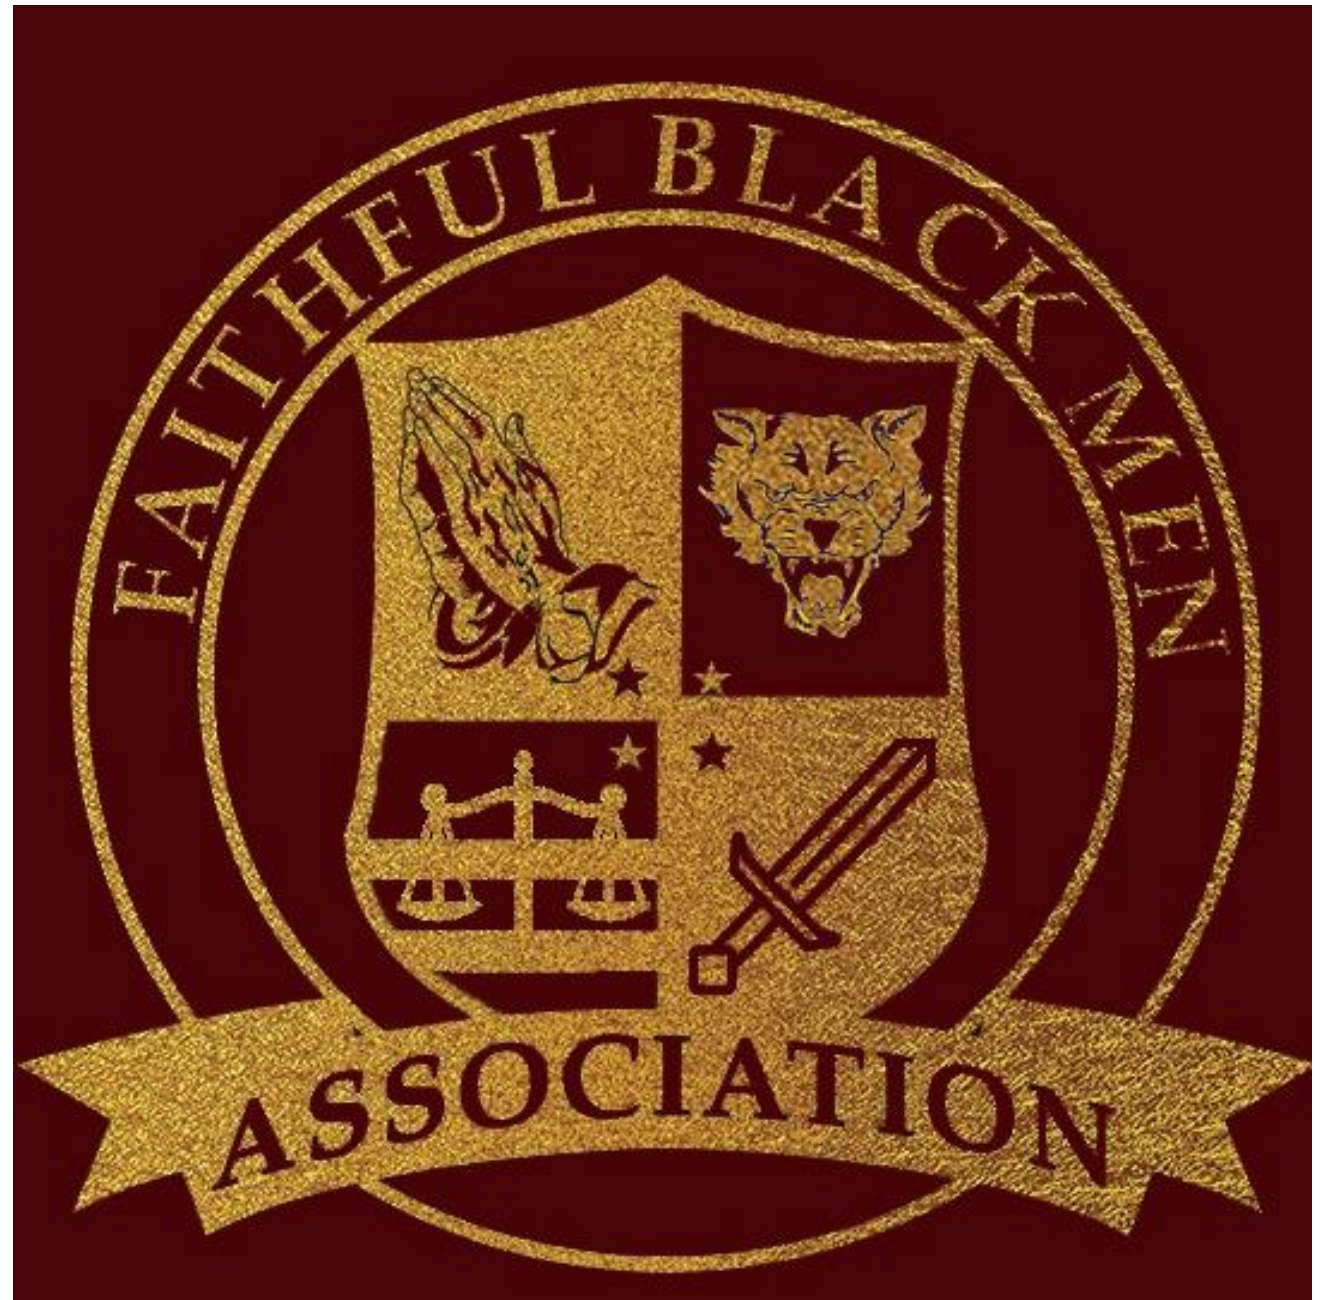

Faithful

Unfailingly remaining loyal to someone or something and putting that loyalty into consistent practice regardless of extenuating circumstances.

FBMA is a group that actively advocates for the narrative of faithful black men to counter negative stereotypes painted against us for so long

“Faithful” has taken on a new meaning because of this movement

Purpose

Uniting every men's org on Campus to create the Faithful Black Men Association of Delaware State University

As the FBMA of DSU we want to encourage the pursuit of a faithful lifestyle in all areas by young black men here on campus. This movement is coined the "FMBA Initiative"

Our Advisor

Dr. Tony Allen
12th President of Delaware State University
