

# THINK. MODEL. LEARN.™ MATH CENTERS: NUMBERS AND COUNTING ACTIVITY GUIDE

## PRODUCT INCLUDES:

1 Activity Guide

1 Storage Box

1 Instruction Tent

6 Activity Mats

120 Sticks

12 Spinners

### PURPOSE:

Empower children to independently practice numbers and counting! This center is standards aligned for grades PreK-TK and geared for skill differentiation – it is double-sided for practice on two skill levels: numbers 0-5 and numbers 0-10. Students also build number recognition and number formation as they count out amounts and tallies. This hands-on, engaging center is sure to make skill-building fun as students think, model, and learn!

### SET UP:

Each activity mat will accommodate one student. Six activity mats are provided for up to six students total.

1. Choose the skill level the student will be working on and flip the mat to the appropriate side.
2. Provide the matching spinner and 20 sticks with each mat.

We recommend explaining instructions to students before independent play. Place the tent where students can see it for instruction reminders and visuals during use.

### HOW TO USE:

**Step 1:** Spin the spinner.

**Step 2:** Pick up the number of sticks shown on the spinner. Count the sticks as you put them on the mat.

**Step 3:** What can you build with the number of sticks you picked up? Build it!

## FEATURES:

### REUSABLE AND DURABLE

Reusable dry erase materials offer repeated practice.

### SKILL DIFFERENTIATION

Double-sided for practice on two skill levels!

### TAKE IT FURTHER

Take it further with additional free resources, reproducibles, and downloadable content.

### DISPLAY AND STORAGE

Store materials vertically for a space saver. Book-shaped box fits shelves taller than 12".
