 - Uncontrolled Diabetes

Men's Essential Facial - \$95/Member \$65 (45 min)

A facial tailored specifically for male skin to address areas of concern anywhere from dryness, ingrown beard hairs, impactions and beyond. Give your skin the gift of being clean, bright and refreshed.

- Suitable for all skin types
- Contraindications:
 - Recent sunburn/tanning bed
 - Dermal Fillers or Botox (2 weeks prior)
 - Use of topical photo-sensitizers (ex. Retinoids, acids) (48 hours prior)
 - Recent cosmetic/plastic surgery in treatment area (6 weeks prior)
 - Accutane (within 1 year prior)
 - Shaving of the face (24 hours prior)
 - Facial Waxing or Depilatories (72 hours prior)
 - Uncontrolled Diabetes

Invigorating Microdermabrasion Facial - \$95/Member \$65 (45 min)

A service consisting of a double cleanse and a mechanical exfoliation utilizing a diamond tipped handpiece. This device applies gentle suction which pulls nourishing blood to the

surface of the skin as well as circulates lymphatic fluid to help detoxify. The diamond tip gently abraids the surface of the skin removing several layers of dead cells. Then a customized mask and products are applied to finish the service.

- Suitable for oily/acne prone, or thicker skin
- Can be combined with Level 1 peel on more robust skin
- Contraindications:
 - Patients with active lesions or infections (ex. active acne, cold sores, warts)
 - Patients with Rosacea/sensitive skin/Eczema/Psoriasis/Skin infections/Scleroderma/Vitiligo
 - Recent sunburn/tanning bed
 - Facial Waxing or Depilatories (72 hours prior)
 - Dermal Fillers or Botox (2 weeks prior)
 - Recent cosmetic/plastic surgery in treatment area (3 months prior)
 - Use of topical photo-sensitizers (ex. Retinoids, acids)(72 hours prior)
 - Pregnancy
 - Accutane (within 1 year prior)
 - History of Keloids
 - Uncontrolled Diabetes
 - Blood thinners

Smoothing Dermaplaning Facial - \$95/Member \$65 (45 Min)

A facial that consists of a double cleanse and exfoliation using a medical grade scalpel to scrape off layers of dead skin as well as the fine vellus hairs on the face. This allows for enhanced product penetration as well as flawless makeup application.

- Gentler exfoliation, good alternative to microdermabrasion, suitable for more sensitive skin
- Can be combined with Level 1 peel on more robust skin
- Contraindications:
 - Patients with active lesions or infections (ex. active acne, cold sores, warts)
 - Hemophilia/bleeding disorders
 - Malignant lesions/active Cancer (Chemotherapy treatments)
 - Recent cosmetic/plastic surgery in treatment area (3 months prior)
 - Patients with Rosacea/sensitive skin/Eczema/Psoriasis/Skin infections/Scleroderma/Vitiligo
 - Recent sunburn/tanning bed
 - Facial Waxing or Depilatories (72 hours prior)
 - Dermal Fillers or Botox (2 weeks prior)
 - Use of topical photo-sensitizers (ex. Retinoids, acids)(72 hours prior)
 - Pregnancy
 - Accutane (within 1 year prior)
 - History of Keloids
 - Uncontrolled Diabetes
 - Blood thinners

 - Allergy to Aspirin

Level 1 (Enzymes)

Ormedic Lift - \$95/Member \$65 (45 min)

A powerful blend of pumpkin, pineapple, papaya, and mango enzymes with an aloe base which brightens, protects, nourishes and detoxifies the skin

- Suitable for all skin types especially dull, dry, irritated, or sensitive skin

Signature Lift - \$95/Member \$65 (45 min)

A four step enzymatic peeling system that utilizes brightening enzymes including vitamin C along with a mechanical exfoliator with small amounts of acids to exfoliate and brighten the skin

- Suitable for all skin types, may be a step up peel for sensitive/rosacea skin
- Good for prepping the skin for more aggressive treatment parameters

Specialty 02 Lift - \$125/Member \$95 (60 min)

A unique Enzymatic peel system that utilizes powerful botanicals to exfoliate the skin followed by an oxygen infusion mask which uses a “foam burst technology” to kill bacteria as well as promotes cell proliferation and collagen rebuild

- Suitable for all skin types especially oily/acne prone or sensitive skin

Level 2 (Targeted Peeling)

Lightening Lift - \$115/Member \$85 (45 min)

A blend of Beta Hydroxy acids, Lactic and Kojic plus botanicals and peptides brighten, protect, and detoxify the skin. This light to medium grade peel corrects and prevents photoaging, post inflammatory hyperpigmentation, and melasma

- Suitable for all skin types, especially those prone to hyperpigmentation

Acne Lift - \$115/Member \$85 (45 min)

A blend of Alpha and Beta Hydroxy acids, Salicylic and Glycolic plus lilac plant-derived stem cells help to heal and treat blemishes

- Suitable for acne prone skin, thicker, rougher texture
- Acne grade I-II, and those post inflammatory hyperpigmentation

Level 3 (Advanced Peeling)

Perfection Lift - \$130/Member \$100 (45 min)

A self neutralizing peel that consists of a blend of Alpha and Beta Hydroxy acids including Salicylic, Lactic and Resorcinol that removes layers of keratinized skin through shedding of the upper layers. The addition of antioxidant peptides, and stem cells makes this peel "perfection"

- The peeling process usually begins 48-72 hours post treatment and can last from 3-7 days
- suitable for all Fitzpatrick skin types
- Anti-aging, acne prone, dull or thickened skin
- More aggressive treatment parameters, not suitable for unprepared skin

Perfection Lift Forte - \$130/Member \$100 (45 min)

A step up from the Perfection, this higher percentage of the acids will help to reveal younger, brighter, healthier skin

- The peeling process usually begins 48-72 hours post treatment and can last from 3-7 days
- Suitable for all Fitzpatrick skin types
- Anti-aging, acne prone, dull or thickened skin
- Most aggressive treatment parameters offered, not suitable for unprepared skin
