MAX RELIEF IN A MICRO DOSE

Slow down and find some space with our Everyday Calm™ Formula!

The days of pinching off a little bit of mushroom and hoping for the best are gone.

Always™ Everyday Calm™ capsules are a first-of-their-kind, researched-backed formula combining a sub-threshold micro dose of psilocybin with powerfully neuroprotective adaptogenic mushrooms.

Crafted to support you in your journey toward a calm mind and a balanced life. With a synergistic blend of adaptogens and antioxidants, this formula is designed to help you manage stress, stay grounded, and maintain mental clarity.

THE DEEPER INTENTION OF OUR HOLIDAY SALE

Mushrooms have been cherished for centuries as powerful medicine—whether to deepen spiritual practices, enrich social connections, explore nature, or support therapeutic healing. For many, they offer a path to clarity, resilience, and hope where traditional methods fall short.

This holiday sale isn't just about an amazing deal—it's about sharing something meaningful.

We designed this promotion with intention: to help you introduce this sacred medicine to those in your life who might benefit most.

That's why there are so many sample packs—each bonus sample pack will come with a teeny tiny card attached that you can sign with a season's greeting and a QR code linking them to a micro dosing guide—because healing and connection are gifts best shared.

At Always™, we take pride in offering a tested, trusted product, carefully measured for accurate, small doses. Perfect for both first-timers and experienced users alike.

PLAY SANTA THIS YEAR. STUFF THOSE STOCKINGS. BE THE GIVER OF LIFE-CHANGING POSSIBILITIES! SHARE THE GIFT OF THESE EVER-SO-NEEDED MUSHROOMS THOUGHTFULLY. AND BRING JOY, HEALING, AND LIGHT TO THOSE YOU CARE ABOUT.
