# **WHO ARE SAFE PASSAGE?**

**Every year thousands of unaccompanied and separated child refugees arrive in Europe in search of safety.** Unaware of their legal right to travel safely through Europe, they are usually stuck in squalid camps or sleeping rough on city streets — **vulnerable to abuse, exploitation & trafficking.**

**Safe Passage help child refugees to access their legal rights,** with a focus on **helping reunite unaccompanied children with family members** who love and can provide for them in Britain & elsewhere in Europe.

Unfortunately on 31 December 2020 refugees lost their main safe and legal route available to them to reunite with family members in the UK.

**To date, Safe Passage has helped over 1,800 child refugees reach safety.**

**@RAILSALE4CHANGE**

# HOW DO THEY WORK?

**Safe Passage** combines **grassroots national campaigning**, **strategic legal casework**, and **arrival support** so that more children making treacherous journeys for sanctuary can access legal routes to safety. Their casework directly informs their campaigning so that they can **lobby for specific, wide-ranging, systemic changes in asylum and immigration processes in the UK & across Europe.**

**Safe Passage** fills a vital gap between **frontline workers in camps or on the streets** and **access to the legal system that is so badly needed.**
