

JESSICA ADAMS

LUXURY REAL ESTATE

## **JESSICA ADAMS BIOGRAPHY**

For the past 11+ years, Jessica Adams has cemented her status as a top producer in the Miami Real Estate community by setting a new standard for excellence and professionalism for her clientele. Her white glove concierge service for each and every client has resulted in closed transactions exceeding \$375,000,000, placing her in ONE | Sothebys International Realty rankings as a Top 10 individual producing agent and number #1 female agent in a company of 1,300+ agents state wide from Miami to Jacksonville for the last 4 years in a row, while also carrying the distinguished achievements of being in the top 25 agents in all of Miami-Dade County and top 250 Latino agents across the United States for the past 2 years.

This very mindset and business mantra has led Jessica to build a cadre of loyal private clientele spanning both sellers and buyers. “Being authentic and knowledgeable helps me to develop close relationships with my real estate clients,” she says. “Everyone needs to be heard and feel that someone has their back and will fight for them.”

Jessica graduated Summa Cum Laude with a Bachelors of Science from the University of Florida. She has also lived and worked in the Atlanta & Chicago markets before relocating to Miami where she began her real estate career through a core of professional clientele from the University of Miami educational and medical departments.

Her marriage in 2011 to Jason Adams, a Miami architect, designer and builder, underscores the importance and love she has for design and creativity in her life. Their daughters, Eva and Emma, (10 & 8), attend the Carrollton School of the Sacred Heart in the Miami neighborhood of Coconut Grove.
